

SURFACE MOUNTED, TWO STANDARD ROLLS STEEL WHITE EPOXY

Code: **PR0784**

General description

- Toilet paper dispenser for two standard rolls, surface mounted, steel white epoxy coated.
- Manual dispensing.
- Suitable for high traffic facilities.
- Model suitable for public use.
- It generally goes along with a toilet brush holder and toilet paper waste receptacle, steel white epoxy

Components & Materials

- Steel white epoxy coated one-piece body, 0,8 mm thick, fully sealed. The supports of the screws in the back of the appliance, are acting as an anti-moisture support, as well as slots to avoid the screws damaging the toilet paper. It is mounted on the wall by means of 3 wood screws with their corresponding 5 mm wall plugs. It includes a lock system with standard mediclinics® key, that allows opening the lid for replenishment.
- Steel white epoxy coated one-piece seamless lid, 0,8 mm thick, fully sealed. Fixed to the body by means of 2 rivets that allows swinging of the lid for the replenishment through the top opening. The extra tissue rolls descend when the previous one has been finished, by a simple hand manipulation through the side window. There is no need to open the lid for the removal of consumed rolls.
- Frontal sight-hole and slots on each side of body indicate refill time.

Technical Specifications

Dimensions	290 x 116 x 130 mm	Toilet paper roll capacity	2 u
Weight (empty)	0,9 Kg	Toilet paper roll diameter	Ø 105-125mm
Recommended installation height	65-75 cm to bottom	Toilet paper roll width	110 mm (maximum)
Installation height for disabled people	70 cm from the floor		

Operation

Pull visible toilet paper, at your own convenience.

Certificates & Qualifications

ISO 9001:2000.
