167**

- Full metal housing in robust, easy-to-clean stainless steel AISI 304, satin finished, all corners fully welded.
- Designed for two conventional toilet paper rolls with core diameter 40 mm, outer diameter up to 125 mm; replacement roll automatically drops down.
- Inspection slot to indicate filling level.
- Housing swings down for refilling.
- Roll holder lockable with cylinder lock.
- Easy to clean due to optimum accessibility.
- Simple mounting: insert in wall opening and secure in place; for installation in lightweight partition walls, create opening and provide some means of securing at the sides.
- Also available upon request in polished finish or with other surfaces.
