Combination in stainless steel Article WP 510

The combination comprises a towel dispenser, a liquid soap dispenser and a waste bin.

- Full metal housing in robust, easy-to-clean stainless steel AISI 304, satin finished, all corners fully welded.
- Combination lockable with cylinder locks using the same key.
- Inspection slots to indicate filling level.
- Dispenser swings down for refilling, door for waste bin swings out.
- Towel dispenser holds approx. 250 paper towels.
- Soap dispenser is designed for 950 ml soap bottle = approx. 1300 portions, refillable with new screw cap (available from WAGNER-EWAR), with drip-free, single-hand pull-operation soap pump.
- Waste bin capacity approx. 11 litres, with removable mesh basket. Plastic hygiene bin available at extra cost, with waste deposited through self-closing, flame-retardant hinged flap.
- Easy to clean due to optimum accessibility.
- Simple mounting: line up with tiles and fasten with four screws.
- Also available upon request in polished finish or with other surfaces.

Text suggestion for tender notices:
