

Combination in stainless steel Article WP 540

The combination comprises a towel dispenser and a waste bin.

- Full metal housing in robust, easy-to-clean stainless steel AISI 304, satin finished, all corners fully welded.
- Combination lockable with cylinder locks using the same key.
- Inspection slot to indicate filling level.
- Dispenser swings down for refilling, door for waste bin swings out.
- Towel dispenser holds approx. 500 paper towels.
- Waste bin capacity approx. 11 litres, with removable mesh basket. Plastic hygiene bin available at extra cost, with waste deposited through self-closing, flame-retardant hinged flap.
- Easy to clean due to optimum accessibility.
- Simple mounting: insert in wall opening and secure in place; for installation in lightweight partition walls, create opening and provide some means of securing at the sides.
- Also available upon request in polished finish or with other surfaces.

Text suggestion for tender notices:

Combination in stainless steel AISI 304, for flush-mounting, satin finished. Comprises towel dispenser holding approx. 500 paper towels, and waste bin, capacity approx. 11 litres, with removable mesh basket; each lockable with cylinder locks using the same key.
