

Combination in stainless steel Article WP 610

The combination comprises a towel dispenser and a waste bin.

- Full metal housing in robust, easy-to-clean stainless steel AISI 304, satin finished, all corners fully welded.
- Continuous double-skin door, with cut-out opening for paper towel removal and waste deposit; door lockable with cylinder lock.
- Towel dispenser holds approx. 750 paper towels.
- Waste bin capacity approx. 13 litres, with removable mesh basket. Waste deposited through top.
- Can be installed flush with tiles. See assembly instructions for details.
- Simple mounting: insert in wall opening and secure in place; for installation in lightweight partition walls, create opening and provide some means of securing at the sides.
- Also available upon request in polished finish or with other surfaces.

Text suggestion for tender notices:
